

# Web Storage

---

## Cookies

---

```
document.cookie = "username=John Doe; expires=Thu, 18 Dec 2013 12:00:00 UTC";
```

- Delete a cookie by setting past date
- Retrieve a cookie using the function in VSCODE
- `escape()` and `unescape()`

## localStorage and sessionStorage

---

Check for storage availability

```
if (typeof(Storage) !== 'undefined') {  
    localStorage.setItem("lastname", "Smith");  
    sessionStorage.setItem("firstname", "John");  
  
    var str1 = localStorage.getItem('lastname');  
    var str2 = sessionStorage.getItem('firstname');  
  
    localStorage.removeItem('lastname');  
}
```
